July 23, 2018

David Wasserman

Strategic Prioritization Office of Transportation, NCDOT

Raleigh, NC

Mr. Wasserman,

Isothermal RPO's TAC affirms that its public involvement procedures and the local input methodology conditionally authorized by the Department have been followed. During its July 11, 2018 meeting, the TAC adopted its final Regional List of Projects to Receive Local Input Points. It assigned 1,191 points out of 1,300 points. H14105 received the maximum possible score of 91. Please find the list attached.

The IRPO made **three** changes to the Division Lists of Projects. These changes were:

- Removed 100 points from H171077 because Polk County wanted to revise the project extent.
- Moved 100 points from H141517 to H150572 to coordinate with Division 14's point assignment.
- Moved 100 points from H111047 to H090166-B in Rutherford/McDowell Counties in light of public comments that the project's scope and extent be re-examined.

The final list of Regional Projects to receive Local Input Points and the public comments received are posted on

<https://isothermalrpo.org/spot-process/> .

Sincerely,

David Eaker, Chairman
Isothermal RPO TAC
